PROGRAM AGENDA

FACULTY

GENERAL INFORMATION — Diabetes Mellitus with Heart Disease presents multiple treatment challenges for physicians and other health care providers. This course is designed to improve the management of diabetes with heart disease by providing current evidenced-based approaches to diagnosis and treatment for women.

WHO SHOULD ATTEND — This conference is intended for Physicians, Physician Assistants, and Nurse Practitioners in cardiology, internal medicine, family medicine, gynecology, geriatrics, and general practice. Residents and allied health care professionals are also welcome to attend.

LEARNING OBJECTIVES — After attending this conference the participants will be able to:

- Determine appropriate pharmacologic therapy for heart disease and diabetes based on pathophysiological guidelines
- Summarize a model of change to prevent CVD in women with diabetes

CONTINUING EDUCATION — The Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education to physicians. The CWRU School of Medicine designates this educational activity for a maximum of 3 *AMA PRA category 1 credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

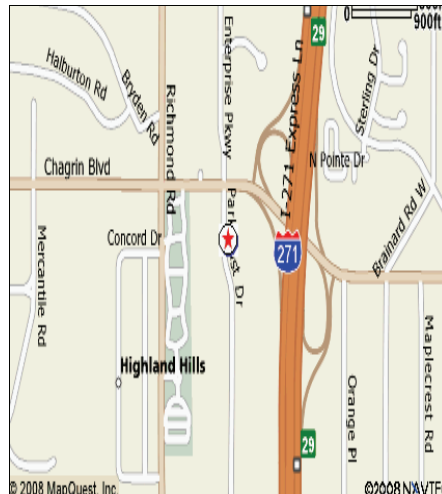

REGISTRATION INFORMATION — Tuition includes all educational sessions, materials, refreshments and dinner.

ACKNOWLEDGMENTS — Funding for this activity was made possible in part by the Department of Health and Human Services (HHS) Office on Women's Health. The views expressed in written materials or publications and by speakers and moderators at HHS-sponsored conferences do not necessarily reflect the official policies of the Department of Health and Human Services; nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

POLICY DISCLOSURE

The policy of Case Western Reserve University School of Medicine CME Program (CWRU) requires that the Activity Director, planning committee members and all activity faculty (that is, anyone in a position to control the content of the education activity) disclose to the activity participants all relevant financial relationships with commercial interests. Disclosure will be made to activity participants prior to the commencement of the activity. CWRU also requires that faculty make clinical recommendations based on the best available scientific evidence and that faculty identify any discussion of "off-label" or investigational use of pharmaceutical products or medical devices.
